The Avila College community is proud of its student athletes. In addition to receiving the values-based education provided all Avila students, these students share their athletic talents for all of us to enjoy.

An Avila education is dedicated to enriching the mind, body, and spirit of our students. As an institution, we strive to promote a "commitment to the continual growth of the whole person" as one of our Avila Community Values.

I invite you to visit Avila College often and get to know the outstanding people that make Avila College known as a "caring college."

Letter from the Dean

Joseph Deighton
Vice President/Dean

Administration

As each Fall arrives, the excitement of a new year of Avila College athletics begins to solidify with the arrival of our Fall team athletes. This year is no exception, and, in fact, contains the added enthusiasm of a few new ventures in the Athletic Department. We will be adding two new programs to the department - - a dance/cheerleading Spirit Team, along with the beginning of Club Level Football, with Varsity Level to begin in the Fall of 2001.

In addition to the excitement of the new programs this Fall, we will start our first season as members of the Heart of America Athletic Conference and we will initiate construction to expand the current Mabee Fieldhouse to provide new facilities and resources to the entire Avila Community.

During this period of growth in programs and facilities, you can remain confident that the focus has always been, and will remain, on the individual student athlete. The development of the total student, physically, mentally and spiritually, is key to an Avila education. Our students' efforts to improve and develop in all areas of their lives, and to exemplify the values upon which the Sisters of St. Joseph of Carondelet founded this college, is worthy of our respect and admiration. If you have an opportunity to say an encouraging word, to attend one of our competitions, even for a few minutes, or simply to be supportive of the added efforts student athletes make day in and day out, then I certainly encourage you to do so - - I know that it will be appreciated.

I thank you for your past support and invite you to join the entire Avila Community in celebrating the many gifts and talents our athletes bring to our campus. I invite you to join our community as we begin another year of excellence throughout our campus.

Sincerely,
Joseph W. Deighton
Vice President and Dean for Student Affairs

Conference History

Founded in 1971, the Heart of America Athletic Conference (HAAC) will mark its 30th year during the 2000-2001 season. All 11 conference schools are members of the National Association of Intercollegiate Athletics (NAIA). The only sport that utilizes divisions in the NAIA is basketball, and the HAAC is a Division II basketball member.

Four Schools have been members of the conference since its inception – Baker, Graceland, Missouri Valley and William Jewell.

In 1971, College of Emporia (KS), Ottawa (KS) University and Tarkio (MO) College were members, but they have since withdrawn from the conference. College of Emporia closed in 1974, Ottawa joined a different conference in 1982 and Tarkio closed in the spring of 1991. Central Methodist, also an original member in 1971, with drew from the conference in 1986, but was reinstated as a member in 1991.

Culver-Stockton and MidAmerica Nazarene became members in 1980. Evangel joined in 1987. Benedictine joined in 1991 when Central Methodist was reinstated. Lindenwood began competing in the conference in 1996. Avila College, the league's newest member, will compete in all sports but football during the 2000-2001 season. Football will be a club sport at Avila in 2000.

The commissioner of the conference is Larry Lady. The 2000-2001 season marks Lady's seventh as the HAAC commissioner. He resides in Shawnee, Kansas. The HAAC information director is David Fillmore, sports information director at Evangel.

Season Outlook

It's an exciting time to be on the Avila Women's Soccer Team. The Eagle's potential for success has never been greater. The 2000 team is a talented, experienced, and intelligent group of season. This season should be significantly different than last year. We have established team leaders, and we're an older and wiser team. In coming off of a record-setting 1998 (comprised mostly of freshmen and a few seniors), the 1999 team took winning for granted, getting off to a rocky start to the season. The 2000 team has learned that success takes hard work and leadership. I think you'll see a team that has paid its dues, and wants to do well in 2000," says Coach Randolph.

The team will look to senior Kelly Umscheid for leadership and experience, as well as from goalkeeper Tracy Friedeck and MCAC honoree Chrissy Webb. Newcomer transfer Lindsay Todd should bring some added backboneto the team as well. In The Heart of America:

In the MCAC the Women's Soccer team finished third, after showing vast improvement in the conference rankings during Coach Randolph's tenure, up to a team best 4-2 last year. In the1999 season, they turned in their best conference record in program history. In the Heart of America, the Women's Soccer standings are exceedingly competitive. In the NAIA's premier conference, the top two, and possibly three teams will be able to boast a national ranking. The Eagles will battle hard for honors and respect in the Heart of America in the next two years, and like Erin Phillips, Michelle Wallace, Sarah Perry and Laura Wilkerson to name just a few. Look to these players to set the foundation for strong Avila conference competition throughout their careers.

Senior Spotlight

Avila College

Kelly Umscheid

Umscheid begins her senior year as captain – a position she has become accustomed to during her career at Avila College. Throughout her years at Avila she has been a solid force in the midfield, leading the team to great success in 1998. Umscheid returns this year in her best form to date, looking to leave her mark on this new conference.

Anna Stogsdill

As the oldest player on the team, Stogsdill has become a wise and loveable character. Her antics in practice keep the team in good spirits at all times. Stogsdill's most important contribution to the team has always been her heart and passion for the game. "Giving up" has never made an appearance in her vocabulary, and that attitude is quickly dispersed to her teammates.

Melanie McCord

McCord's versatility in both midfield and forward have made her avaluable asset to the team. In the MCAC, she has been named Offensive Player of the Week for her ability to become the spotlight player during important conference matches, sending game-winning goals to the back of the net. With luck, and hard work in the off-season, we hope to see the same results in the Heart of America Conference. Melanie is married to Robbie McCord, and has a son, Chase.

Season Outlook

I am encouraged by the recruits that we have brought in and excited to see how they jell with the very young group we had last year coming back. With a new system being but in place, we will set goals, develop leadership, and instill a strong work ethic. At the same time we will develop and nurture a quite confidence that will enable us to be the best team that we are capable of becoming at the end of the sea son. Coach McMurray watched many matches last year and says: "I enjoyed watching the girls play last year. I am extremely excited and anxious to work with the team this coming year. I look forward to watching this team develop each match we play." "I believe by playing hard we will be a fun team to watch and cheer for".

Kelsey Orr

Kelsey comes to us from Gridley Kansas where she attended Gridley high school. She is a 6'1 outside hitter who is majoring in Education. Kelsey comes to us from Fort Scott Junior College in Fort Scott Kansas. She was 2nd in blocks for the Eagle in 1999. Coach McMurray expects Kelsey to be one of the main blockers. He anticipates she will have improved her vertical jump and hopefully lead the team in blocks. Kelsey will be called upon to lead a young team that needs a strong work ethic in order for us to be successful as a team.

The Heart of Eagle Pride: Academics

The Avila College Athletic Department's tradition of excellence extends beyond the areas of competition-it also applies to the performance in the classroom. The primary goal of the student-athletes is getting their degree. The most important thing our student-athletes can get out of college is an education and a direction for the rest of their lives. So one thing stressed in our department is making sure they know what they are doing and have their goals mapped out, and they begin to consciously work at it.

Apparently what the athletic department staff and coaches are preaching is getting through to its target audience. Last year, six Avila athletes were named NAIA All-America Scholar Athletes, and 12 were named MCAC Scholar Athletes. The Avila Athletic Department carried a 2.97grade point average last spring.

It takes a commitment from each student-athlete, coach, administrator, and instructor to have this kind of success. As the head of this dedication for academic excellence is Sr. Marie Joan Harris.

There has been a nationwide concern about the academic performance of student-athletes. In regard to this, Avila has taken pride in making sure the college's traditional standard of academic excellence is upheld. Assistance is offered to all students, by the college's support services.

Season Outlook

The 2000-2001 season looks to be a tremendous opportunity for the Eagles to continue to re-establish the program. Last year's team, despite its record, went along way toward building a foundation for a successful future. As coach Totta begins his second year he states, "Last year's team was a tremendous group of guys who made a difficult season easier to handle. They also have laid the ground work that enables us to look at this year with great optimism".

The Eagles return 3 starters and two other part-time starters from last years team as well as five redshirt players and nine freshmen. All this has the Eagles excited about this year and what the future holds.

Nick Totta

Nick Totta begins his second season at the helm of the Avila men's basketball program. He comes to Avila from Canton High School (MO) where he served as Head Boy's Basketball. Totta's basketball teams played .600 ball and made two straight District Championship appearances. Prior to coaching at Canton, he was the Men's Basketball Assistant Coach and Head Softball Coach at Culver-Stockton College. Galen Struve

Galen Struve begins his first season at the helm of the Avila Eagles softball team after a four-year stint as the head coach at the University of Missouri/Kansas City. He served as pitching instructor and recruiter at UMKC for one season before taking over the head coaching duties. He describes his program at UMKC as a "work-in-progress" and stands as the winningest softball coach in UMKC history.

While at UMKC, he is credited with rebuilding its NCAA Division I program form the ground up to its current status. In the past two years, Struve's teams have rewritten the UMKC record books in almost every offensive, pitching and defensive category. His 1999 team established a school record for wins in a season and the 2000 team eclipsed that record. The 1999 and 2000 teams both reached post season play with regular season third place Mid-Con Conference finishes, the school's first two post season tournaments. In addition to his coaching duties, Struve served on the NCAA Division I Midwest Regional Rating Committee and was the Mid-Con Conference softball representative to the NCAA.

Prior to UMKC, Galen was the head softball coach at William Jewell College for two seasons where his teams established school records for wins in season and won back to back Heart of American Conference Championships in 1992 and 93'. He was named HAAC Softball Coach of the Year in 1993.

Struve is a recognized fastpitch clinician and pitching instructor in and around the Kansas City metropolitan area, instructing on average 250 softball pitchers each year. His ASA summer teams have made five ASA Regional appearances, two ASA National Tournament appearances, three AFA tournaments and numerous Metro tournaments championships.

He also played men's competitive tournament fastpitch softball on many levels for 23 years, primarily as a shortstop, pitcher and catcher.

Galen is a self-employed freelance illustrator and designer, working from his studio at his home for the past 23 years. He is a graduate of the Omaha Art Institute and the Kansas City Art Institute. He and his wife of 33 years, Elaine, reside in Blue Springs, MO. Elaine is the firm administrator for an Independence, MO CPA firm. They have one daughter, Dana, married to Shawn Hill and have one granddaughter, Shayla.

"I'm excited about coming into a program with an established winning tradition and about returning to NAIA softball. Avila has excellent facilities and a supportive administration and staff. Dennis Gault did a superb job of recruiting well-grounded, high achieving student athletes. I will do all I can to see that the tradition continues here and to take the Lady Eagles to an even higher level."

Stephen Keet

Coach Keet comes to Avila College with six years of competitive summer coaching and twenty years of professional experience in the University environment. Stephen will bring a unique blend of on-field and off-field knowledge to the Eagles. Coach Keet is also a certified ASA softball umpire.

Season Outlook

The 2000 Avila Baseball team enjoyed their must successful season I history as they reached the 40 victory mark for the fifth time in the 1990's. With a record of 50-21, the team produced numerous school records including the most wins ever. The Eagles won the conference championship for the first time with a record of 15-4. In the process Coach Huber was named both conference and regional Coach of the Year.

Highlights of last year's season include a 1-0 win over Bellevue for the conference title and two wins at Kansas Newman for the first time ever in Wichita. Of the Eagles 71 games, 20 were against nationally ranked teams. The Eagle competed against Bellevue that played in the NAIA College World Series; as well as, Benedictine that was one game away from the series.

The Eagles only lose 3 seniors from last year's record setting team and the strong nucleus of 14 returnees, the coaches anticipate a great 2000 season. With a strong senior class, as well as many key Juniors and Sophomore returnees, the coaches are optimistic about their ability to be a successful team. With the addition of the 2000 recruiting class including Shane McIntire, Kevin Babler, Jason Crow, Bret Nedrich and Nick Zicarelli we are excited about the opportunities for the future as well. The 2000 season brings a new challenges as we move into the Heart of America Athletic Conference. With a veteran team and a new conference to compete in, there is a great excitement about the future of our program. Coach Huber says, "Our goal is to win the conference our first year and to move on to the NAIA national play-offs for the first time ever". How soon this success happens will depend in large part to the players willingness to work hard and come together as a team. The goals for this year's club remains the same as past clubs and that is to win the HAAC and reach the NAIA World Series.

James Huber, Sr.

Drive. Vision. Intensity. These qualities are vital to successful people, but equip none better in college baseball than Jim Huber, Sr. The job Huber has done elevating the Avila College baseball program to its present status rivals any program in the country. In 1992, Coach Huber entered Avila as an assistant baseball coach helping head coach Mark Tobin guide the team to its first ever post season tournament appearance. The following season, Huber took over the reigns as head coach, leading the Eagles to a second place finish in the NAIA District 16 Championship. Huber and the team returned in 1994 to the NAIA District 16 Tournament, gaining a berth in the Midwest-Regional Tournament, beating rival Rockhurst College. These accomplishments aided Huber in receiving the NAIA District 16 Coach of the Year. Coach Huber's team set many school record in the 2000 while earning both Coach of theYear honors in the Conference and the Region. With 341 wins, Coach Huber is the winningest coach in Avila history. For a man involved with baseball for more than 25 years, there are only three aspects of baseball Huber would rather do without. They are losing, cold weather, and driving the vans. He and his wife Mary Ann, have three children, Tracy (33), Kelly (31), and Jim Jr. (29). He has three grandchildren with a fourth on the way.

Ryan Howard

Howard begins his third year coaching the infield for the Eagles after many successful years of a playing career of his own. A Hughson, California native, Howard played four years high school ball, two years at Bakersfield Junior College, and two years at Avila. Among the honors he received for his outstanding play was All-Conference and the Golden Glove Award at Bakersfield and an opportunity to play in the Northern California State All-Star Game.

Pat Cornejo

Cornejo begins his second year coaching with the Eagles. He will work with the first basemen and the hitters. As a player for the Eagles, Cornejo was a two time all region and all conference performer. He led the conference his junior year in RBIs and set the school record for home runs in a season.

Season Outlook

Avila College added Spirit Team to the Athletic Department this year to help promote school spirit and enhance the excitement at our athletic events. The 2000-2001 team consists of 20 members with talents in dance, cheerleading and tumbling. The team is composed of 3 current Avila residents and 17 new student-athletes.

These ladies bring with them many years of dance training and a great deal of experience in national dance and cheerleading competition. The team is looking forward to a very exciting first year.

Cindy Freeman

Cindy Freeman makes Avila College history as the first coach of Avila's newly formed spirit team. Freeman is no stranger to the world of cheerleading and dance, as a coach, a parent of a dancer, and a fan. Coach Freeman helps coordinate the recruitment effort for the college as the Athletic Department Office Manager. Her 7 years of administrative experience in this role has helped her recruit an outstanding squad of dancers for this first year. Coach Freeman's recruiting exceeded the college's expectations for a first year program allowing for a cheerleading squad as well as dance. "I'm excited about the first-ever Avila College Spirit Team. We plan to encourage more fan participation at our athletic events through our performances. Avila has an outstanding past in athletic performance and our mission is twofold: first, help build enthusiasm at our athletic events, and second, continue Avila's proud tradition in this new athletic venture," says Freeman.

Raquel Lathan

Raquel comes to the Eagle Dance Team from the Kansas City Chiefs, where she serves as their Captain. She graduated from Shawnee Mission West in Overland Park, Kansas and now attends Avila College where see is majoring in elementary education. Ms. Lathan was a Dean's List recipient for the past three years.

Avila College Athletic Hall of Fame

Avila College

The Hall of Fame was established in 1983 to provide recognition for outstanding achievement by Avila College Student Athlete Alumni, Outstanding Athletic Teams, Coaches, and Supporters of the program. The selection process is by a committee that was established by the constitution and by-laws for the Avila College Athletic Hall of Fame.

Eligibility for teams shall be based on outstanding accomplishments beyond the conference and regional level, with those teams ranking among the nation's elite for that particular year. The team's accomplishment or contribution to a sport should have been of such high status that it was nationally recognized and brought distinct honor to Avila.

Background information on the nominees shall be compiled by the local sports representative, the assistant athletic director for promotions, and the college's alumni director. The nominating individual should send two letters of recommendation (one from the nominating individual). Calls for the Hall of Fame nominations appear in the Accent, the all sports guide, and the Eagle Club newsletter. Selection of a nominee shall require a minimum two-thirds vote, with at least three-fourths of the committee members present.

The Coach

Avila College

He is called "coach." It is a difficult job, and there is no clear way to succeed in it. One cannot copy another who is a winner, for there seems to be some subtle, secret chemistry of personality that enables a person to lead successfully, and no one really knows what it is. Those who have succeeded and those who have failed represent all kinds - young and old, inexperienced and experienced, hard and soft, tough and gentle, good-natured and foul-tempered, proud and profane, articulate and inarticulate, even dedicated and casual. Most are dedicated; some more than others, but dedication alone is not enough. Some are smarter than others are, but intelligence is not enough. All want to win, but some want to win more than others do, and just wanting to win is not enough in any event. Even winning is often not enough. Losers almost always get fired, but winners get fired, too.

He is out in the open being judged publicly almost every day or night for six, seven, or eight months a year by those who may or may not be qualified to judge him. And every victory and every defeat is recorded constantly in print or on the air and periodically totaled up.

They support victories, suffer defeats, endure criticism from within and without. They neglect their families, travel endlessly, and live alone in a spotlight surrounded by

others. Theirs may be the worst profession-unreasonably demanding and insecure and full of unrelenting pressures. Why do they put up with it? Why do they do it? Having seen them hired and hailed as geniuses at gaudy party-like press conferences and having seen them fired with pat phrases such as "fool" or "incompetent," I have wondered about them. Having seen them exultant in victory and depressed by defeat, I have sympathized with them. Having seen some broken by the jobs and others die from it, one is moved to admire them and to hope that someday the world will learn to understand them.

-Preface to Bill Libby's book, "The Coach"

Avila College

Tradition and heritage. Those are two important building blocks that Avila College athletics has been building in what is now over twenty years of athletic programs. During this time we have seen our athletic program grow from a basketball team playing in area grade school gyms to nine programs involving about 250 student athletes, performing competitively in each respective area. As a former student athlete having competed in both basketball and baseball and as the former men's basketball coach and assistant athletic director, I believe that I have a keen sense of what has allowed these programs to grow to the levels that they have reached...cooperation, commitment, and teamwork.

The addition of softball, baseball, and women's soccer are evidence of the commitment of the institution to provide students with opportunities to enhance their college experience and help prepare them for life, to become contributing members of society. Athletic programs aid society by allowing students to develop teamwork, something that is needed whether it is an athletic field, your office, your church, or your community. Everyone has something to contribute to the team.

As an alumnus and friend, we hope that you will consider enhancing the quality of opportunities for our student athletes. On these pages is information about the Eagle Club. Please consider becoming involved in the future by responding with a gift.

It is my hope that by attending our games, you too will see the development of our athletic programs and exciting opportunities for the future of our students.

Go Eagles!
